Hello. We are conducting a survey on what young people aged 14-29 years think about socio-political, historical and economic issues.

This is an academic study, the results of which will be used in scientific publications. The survey results will only be used in summary form. In accordance with the requirements for conducting surveys, all information you provide will be available to researchers in anonymous form. It will not contain your personal information.

We conduct this survey in strict accordance with the requirements of the international organizations for the study of public opinion and marketing research (ESOMAR / WAPOR).
